Task Engineering Solutions Limited Environmental Policy

Task Engineering Solutions Limited recognises and understands the importance of protecting the environment in which we operate. We are fully committed to minimising the impact that running our business has on the environment and we encourage our clients, suppliers and other stakeholders to do the same.

Task Engineering Solutions Limited is aware that our business activities result in:

- emissions to air/water
- transport emissions
- the use of energy and water
- the generation of waste

and we will comply with all relevant legislative, regulatory and other environmental requirements in order to act in a socially responsible manner and we will strive to continuously improve our environmental performance.

Task Engineering Solutions Limited will aim to:

1. Minimise the use of natural resources;
2. Minimise the generation of waste and implement/promote recycling;
3. Minimise pollution and promote greener transport options;
4. Purchase and promote the use of greener office and cleaning products;
5. Inform and encourage staff at all levels to act in an environmentally responsible manner and provide training where necessary;
6. Make this policy available to any interested external parties and to all employees;

The Managing Director will be responsible for implementing the above objectives, reviewing progress and continuously updating this policy as necessary.

Task Engineering Solutions Limited will review this policy periodically and publish the results in the Induction Pack.
